## KEY PROJECTS

### HR Bachat Nidhi

It is a daily collection app where agents collect money from customers and update through the app, and every agent's live location is updated in the database.  
And also, without internet and location, the agent can't do anything in this app.

### BusTracking APP

It is a school bus tracking app where school and students' parents can check the location of the bus driver, and they can also track the student.

### Vegon Mode

An E-Comm. An app for purchasing grocery products

### Zwolf

A social media platform app where users create their personal and business accounts, similar to Facebook and LinkedIn. This app is a mixture of Facebook, LinkedIn, and Instagram

### IOA ( Indai Online Award)

This app for the Business Award distributes apps, and here you can create a business profile and create a contest and give votes to other businesses

### Takse Service Mall
